Organizing Change

2:00 – 4:00 p.m.

Do you want the skills to unite people around a common goal in your community? Do you want to support those around you in developing their own leadership? Do you want the strategic tools to propel change? Do you want to run a meeting that feels productive, energizing, and action-oriented? If these are questions you want to be able to answer, then this is the right program for you! Network Delaware, <http://thenetworkde.org/>
